Differential Pay Grant Committee:

Attached is the Differential Pay grant application for the Basin 72 School District for the 2013-2014 school year. Building administrators, classroom teachers and classified supervisors were instrumental in the formulation of this plan. Additionally, all employees of the district were given the opportunity to comment during this process.

As is indicated on the plan, specific targets for the first two measures will be established once our fall DWA has been scored and we receive further guidance from the SDE on SBAC targets. The third measure is based on our ongoing work as an ISEE Phase II B grant district to build units that include a variety of close reading activities. While individual classroom teachers will create these units, they will not score assessments given to their own students.

Sincerely,

John McFarlane
Basin 72 Superintendent
